SKILLS

HTML	Node js	Scikit-Learn	Keras	Java	MATLab
CSS	Python	TensorFlow	React Native	Microsoft Office	Ms Project
Javascript	MongoDB	Docker	Apache Spark	Wordpress	Azure
React js	Power BI	SQL	Spring Boot	QGIS	AWS

EXPERIENCE

Sep 2022 - Nov 2023   **GIS Analyst**

Husk Power Systems Inc.
• Conducted exploratory data analysis (EDA) on large datasets, identifying key patterns and   .
. trends, leading to actionable insights.
• Carried out roof count, transmission and distribution of cables using ArcGIS, Google Earth
. Pro, QGIS.
• Implemented scalable machine learning pipelines, reducing model deployment time by 30%.
• Assisted the engineering team in 3D drawings using AutoCAD, ArchiCAD, Artlantis, simulation.

Nov 2018 - Sep 2022   **Associate Project Manager**

Bennie Chanon Ventures.
• Developed project plans, including scope, schedule, resources, and deliverables, and ensured
. alignment with organizational goals and client expectations.
  Coordinated cross-functional teams, assigning tasks, and ensuring proper resource allocation
. to meet project milestones and deliverables.
• Recommended design changes to existing construction plans.
• Evaluated quality, reliability and HSE of engineering drawings.

Nov 2019 - Present   **IT Project Manager (Freelance)**

Munascape Digitals.
• Designed and developed responsive web applications using React, reducing load times by 20%.
• Collaborated with UI/UX designers to create intuitive user interfaces, improving overall   .   .
. usability.
• Co-ordinated with builders, suppliers and regulatory agencies.
• Responded to customer queries and resolved customer issues personally.
• Mentored and provided training for junior developers.

Mar 2018 - Aug 2022 **IT Project Manager**

AA Consulting LLC.
• Managed website development projects from initial design through completion, optimizing all
. cross-browser and multi-platform compatibility.
• Worked closely with clients to meet project requirements, goals and desired functionality.
• Developed and Integrated customized themes into WordPress.
• Engineered and optimized machine learning algorithms for anomaly detection, reducing false
. positives by 25%.

Feb 2015 - Mar 2016 **Civil Engineer Intern**

Jacinth Associates.
• Utilize initial design team concepts to generate detailed CAD drawings.
• Generated CAD drawings for engineering projects.
• Co-ordinated with builders, suppliers and regulatory agencies.
• Responded to customer queries and resolved customer issues personally.
• Analyzed rough sketches and interpreted specification to develop 2D and 3D drafts.

EDUCATION

• B.Tech Project Management Technology.
  Federal University of Technology, Owerri.
  2015-2021

• Higher National Diploma Civil Engineering.
  Federal Polytechnic Nekede, Owerri.
  2020-2022

• National Diploma Civil Engineering.
  Federal Polytechnic Nekede, Owerri.
  2013-2015

CERTIFICATION

• Microsoft Career Essentials in Software Development

• Microsoft Career Essentials in Generative AI

• IBM Fullstack Development Professional Certificate.

• Google Data Analytics Certificate.

• IBM Data Science Professional Certificate

• NITDA IT Support Professional Certificate.

PROJECTS

• **AA Consulting LLC Website:**
  This website designed and developed for AA Consulting LLC, USA. A fusion of design and functionality   .
. tailored for the client using Java and React technologies.

• **Customer Categorization with Logistic Regression:**
  Harnessed the power of Scikit-Learn for modeling, utilize pandas for seamless data handling, and leverage
. matplotlib for clear visual insights.
